Alexandria, VA 22313-1450

REQUEST FOR RECONSIDERATION

Sir:

In light of the Examiner's previous failure to consider the materials provided in Applicants' amendment filed July 11, 2008, and despite numerous communications with the Examiner and Supervisors to correct that mistake, Applicants submit herewith this Request for Reconsideration in an effort to have the Examiner review the previously filed materials which show that the previous amendments were entirely supported by the original disclosure, and that those amendments should have resulted in the allowance of the application or the recognition of allowable claims.
